CORRECTED REQUEST FOR APPROVAL OF DRAWING CHANGES

Sir:

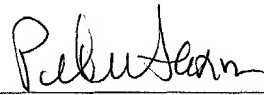

In the paper filed December 13, 2001, Applicants had requested approval of certain drawing changes. In particular, Applicants respectfully requested that the Examiner approve the changes to Fig. 1, as shown in red in the attached filed sketch, enclosed in duplicate. The requested change include correcting the spelling of TARGET and correcting the pictorial representation of certain two-base mismatches and one-base mismatches.

In addition to the changes requested, Applicants also wish to correct a further error in Fig. 1. Probe 10 occurs twice; accordingly, the right probe 10 should

read --probe 11--. A revised drawing showing all the proposed changes in red, including changing (10) to (11) is enclosed. The corrected Fig. 1 enclosed with the December 13, 2001 paper shows the change to the second probe 10.

Applicants' undersigned attorney may be reached in our New York office by telephone at (212) 218-2100. All correspondence should continue to be directed to our below listed address.

Respectfully submitted,

Attorney for Applicants
